Federal Programs Section

Performance Accountability

Please remember that the deadline to submit your data is **11:59 PM** today, Wednesday, July 30, 2025.

Preliminary data shows we are on track to exceed our MSGs, with a rate of **49.5%.**

Performance Accountability

To meet **state performance indicators** and avoid **WIOA funding sanctions**:

- Programs must make every effort to obtain **SSN or ITIN** on the LEIS Form / ADVANSYS.
- This is **critical** for tracking **2nd and 4th Quarter employment & median earning outcomes**.

Per July 2025 OCTAE guidance, and effective for the 24-25 program year, the Office will:

- Review each state's **Measurable Skill Gains (MSG)** rates
- Evaluate **Second Quarter After Exit** employment outcomes

This year's priority:

- **Support students in achieving post-exit indicators**
